

Community Giving Guidelines:

In an effort to better serve you, Inn of the Mountain Gods Resort & Casino has introduced a new donation application. In addition to a more timely response to all incoming requests, the new process will support and complement IMGRC environmental initiatives. To be considered for a donation or sponsorship, you must complete the application. All requests will be screened and reviewed for consideration by the Community Relations Committee. In making determinations on contribution requests, the Committee places emphasis on well managed non-profit organizations and programs. Additional consideration includes the scope of each program and the overall impact on the community. IMGRC maintains the flexibility to accommodate new and innovative approaches to meeting the needs of the community.

Due to the volume of requests received, donation requests for auction or raffle items must be submitted at least 60-90 days prior to the date the donation is needed.

Sponsorship requests should be submitted by October for consideration in the following year, as planning is based on a calendar year.

We will respond to all requests with the decision of the committee, regardless of the outcome within 6 to 8 weeks of review.

Only one submission will be considered per organization per calendar year.

We generally exclude requests that benefit:

- * Sports Teams

An individual person or family

- *General operating expenses

- *Political candidates or organizations

- *Film or documentary productions

- *Memorials, endowments, or grants

- * Travel expenses

- *Groups seeking educational or travel grants for contests, pageants or trips

- *Capital improvements or building funds

You will also need a letter submitted in writing on your fundraiser letterhead complete with the following information:
